2019 PLAYER CLINIC REGISTRATION FORM

UMSA strives to develop and enhance the skills of their athletes. For the 2019 indoor clinics we are hosting Softball Canada CANPitch sessions (6 weeks @ 1 hour per week) through Softball Ontario. CANPitch has 3 levels of training to cover our player development. Skills clinics include Skills & Drills and Catchers clinics led by qualified instructors. An excellent opportunity.

To participate in any of these sessions, the participant must be registered for the 2019 UMSA House League season. Registrants must bring their glove, water bottle, clean indoor shoes and comfortable workout attire. Please be respectful to instructors and other participants by being ready to start 10 minutes prior to the scheduled start time. CANPitch participants must provide their own back catcher (parent or adult), and must be present for all sessions (no catcher, no participation). Required equipment will be provided. Please attend all dates in the series as they are progressive clinics.

Once the session has started **NO REFUNDS WILL BE ISSUED.**
